

Clear projection, 1080P resolution

The projector is equipped with built-in Google TV

CV-35GTV

1080P

High definition screen

1920x1080
Physical native resolution

2200ANSI

High brightness

Low power mode, 240 minutes
of ultra long endurance

Google TV

Massive video resources

Google TV with a plethora of
audio and video resources
to create a portable TV

DLP optical machine ***0.47"DMD +2200ANSI***

0.47 "DMD DLP optical machine, 100% off axis, enclosed optical path, 2200ANSI lumens

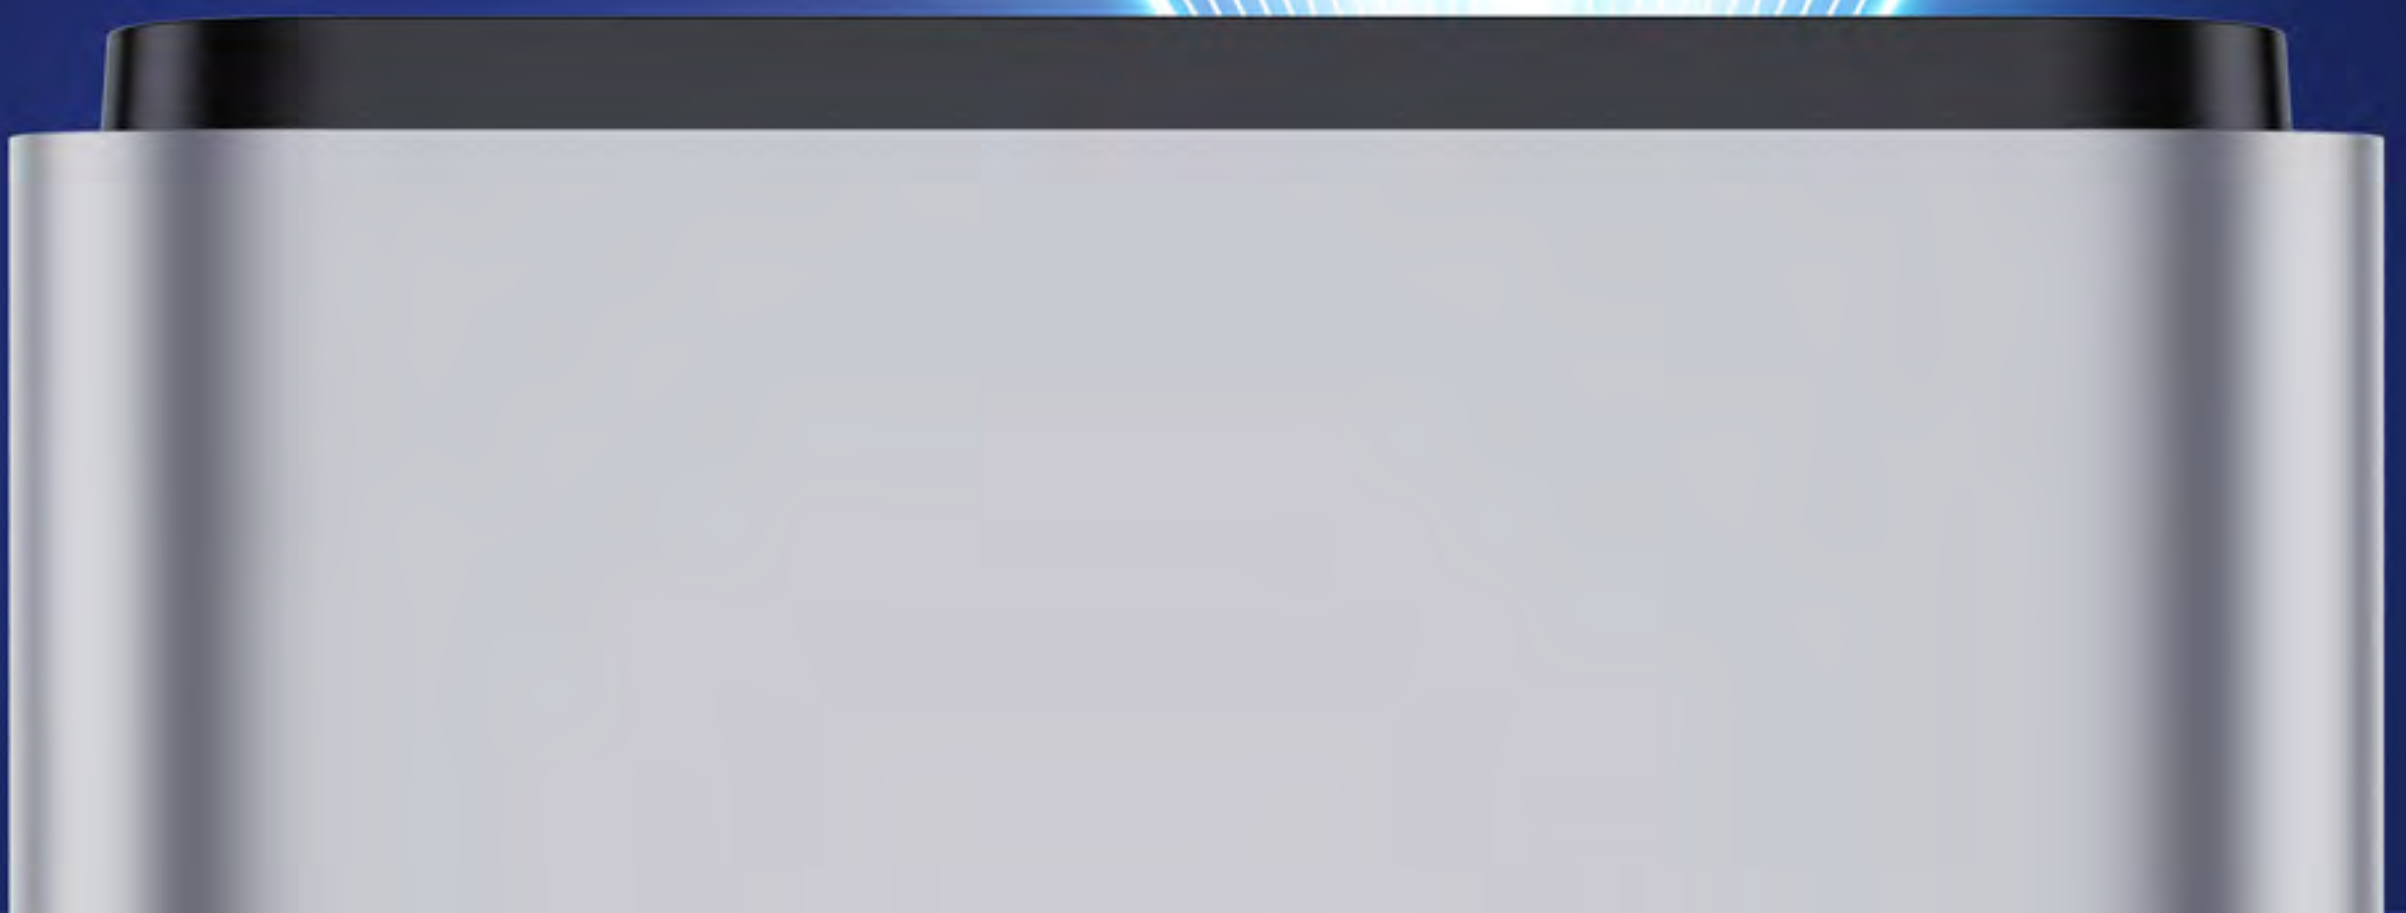

2200ANSI

optical machine

0.47"

0.47 inch DMD

11 layer optical glass **100% off axis**

Closed lens design, anti pollution, and the off-axis light machine is not easily blocked by the desktop light

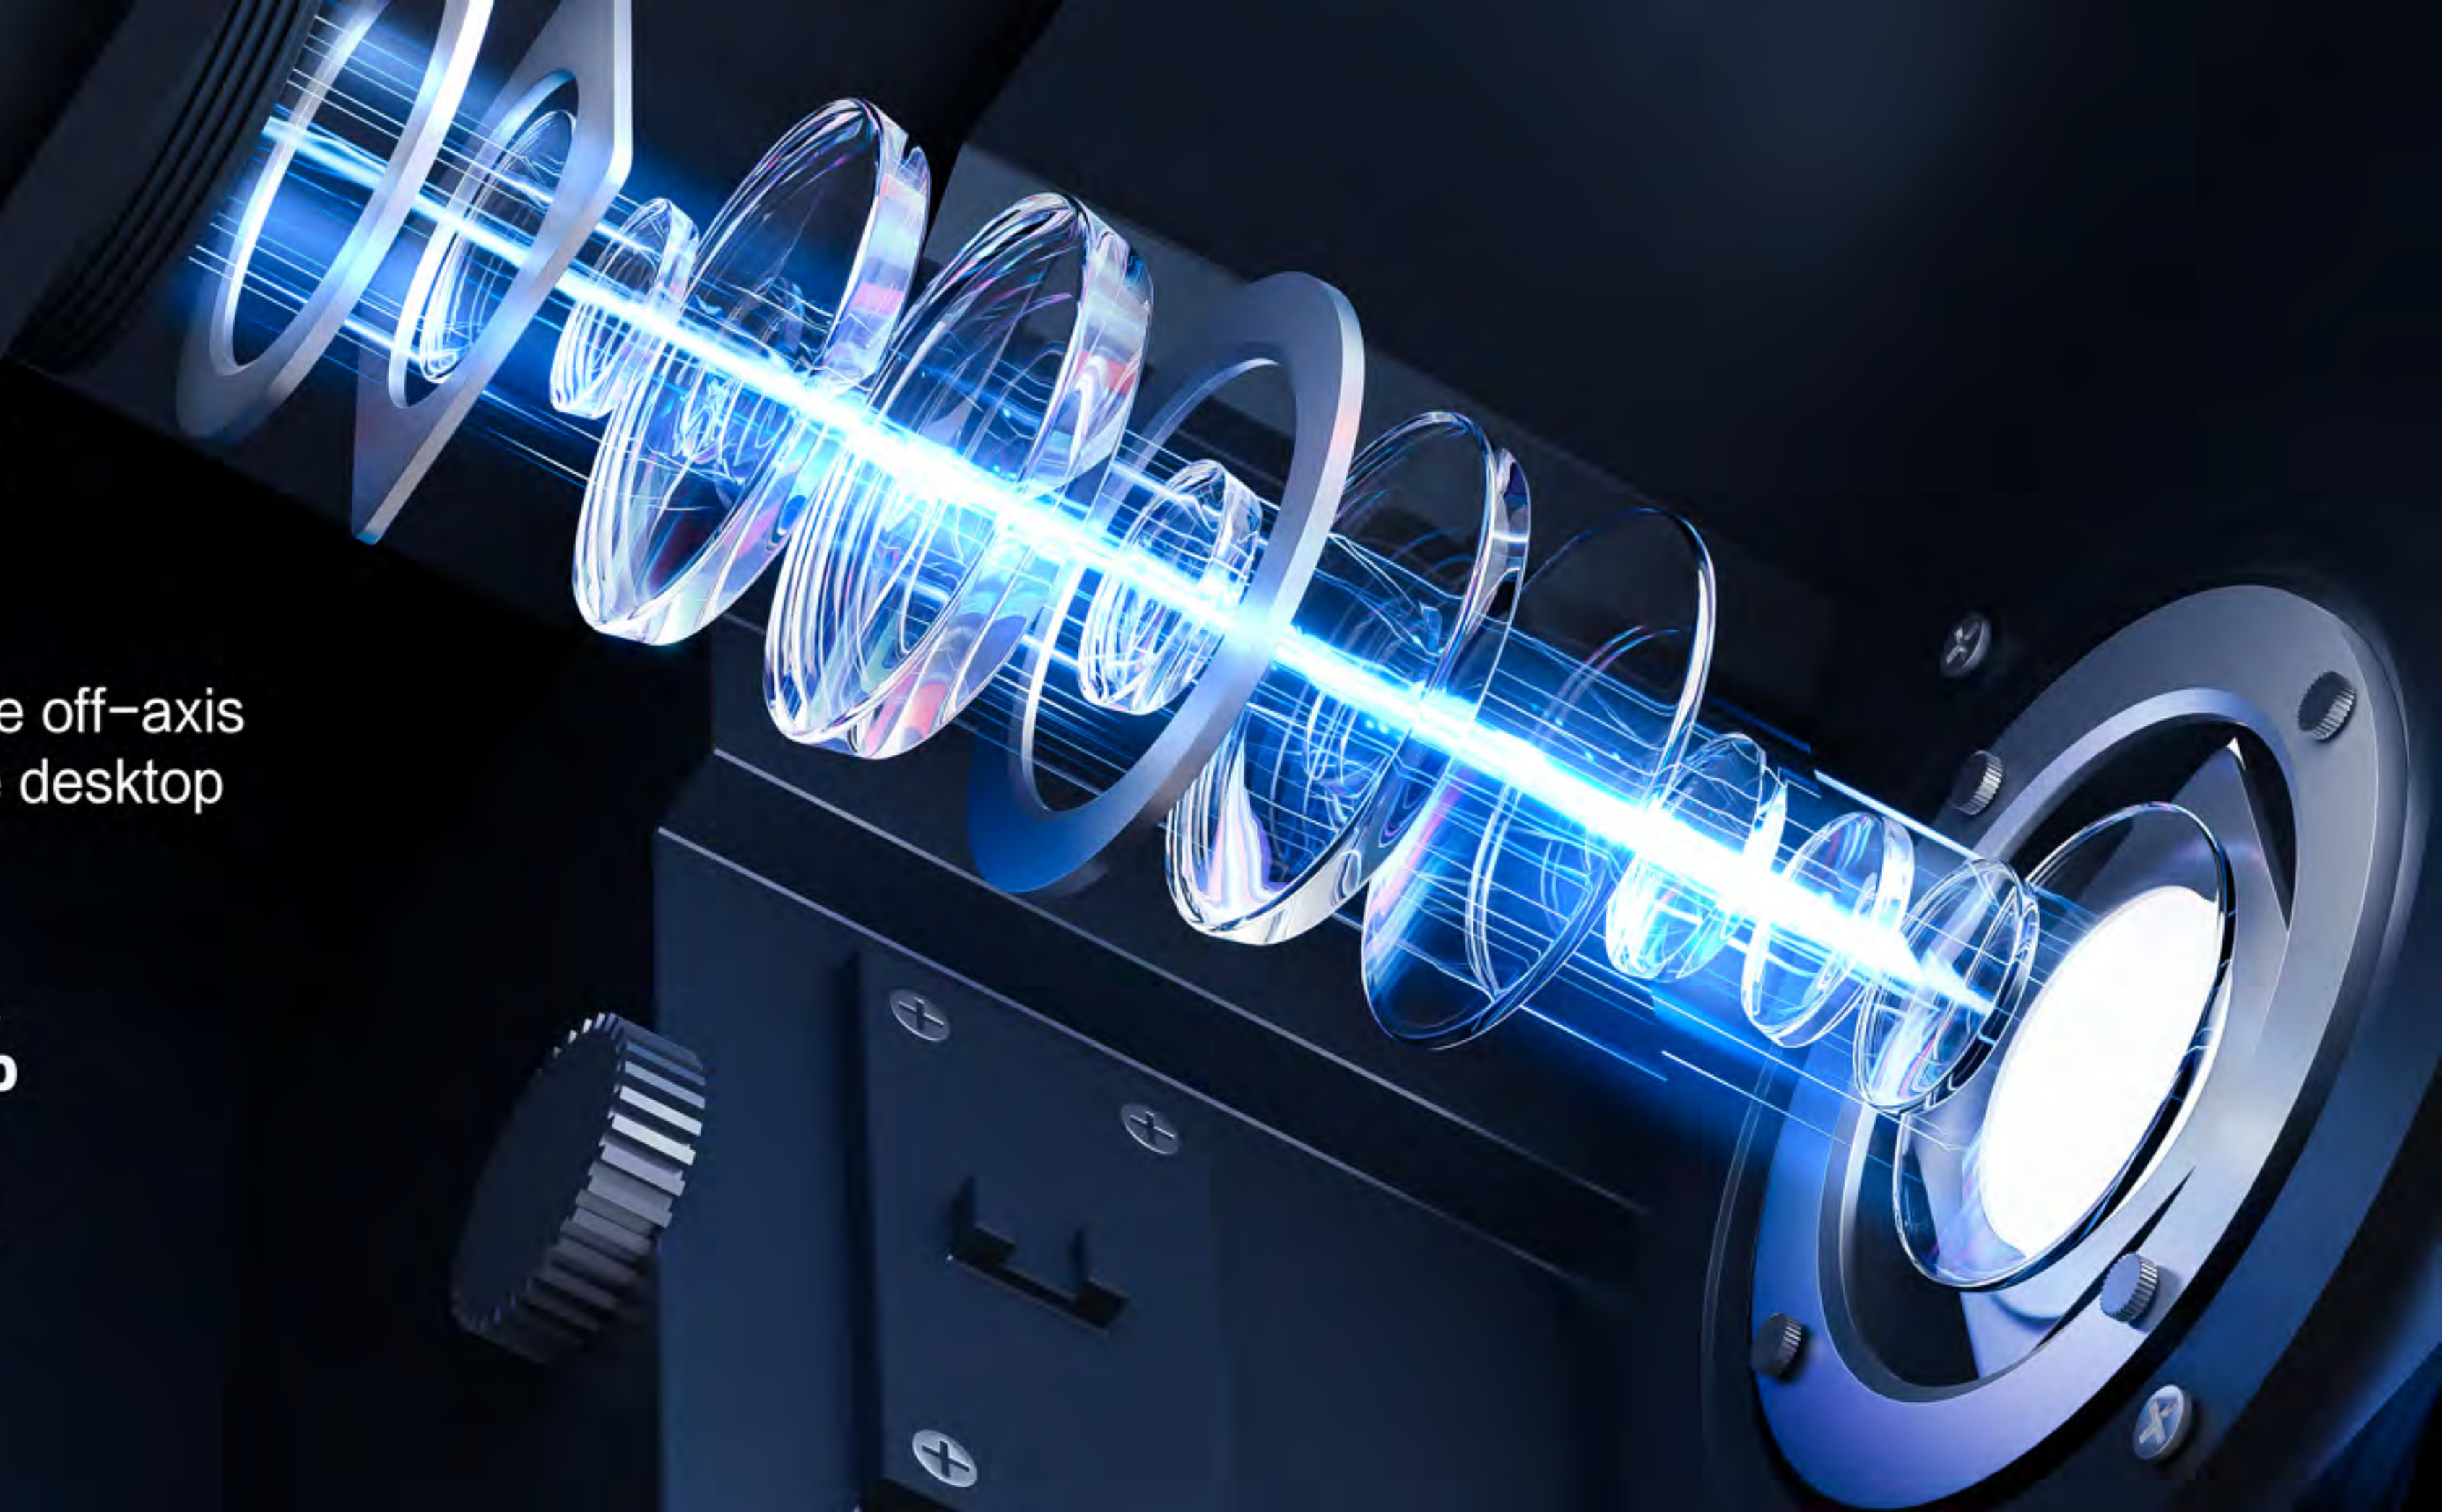

11 layer glass

optical machine

100%

off-axis

1920*1080P physical resolution

1920 * 1080P native resolution, with more pixels and clearer images compared to 720P

1080
FULL HD

1080P

720P

Normal projection

Large screen TV

Easily project a 100 inch large screen

DLP-LINK shutter 3D

Copper tube+heat dissipation fins

Copper tube heat conduction+large fin heat dissipation solution, high-quality copper tubes are durable and long-lasting.

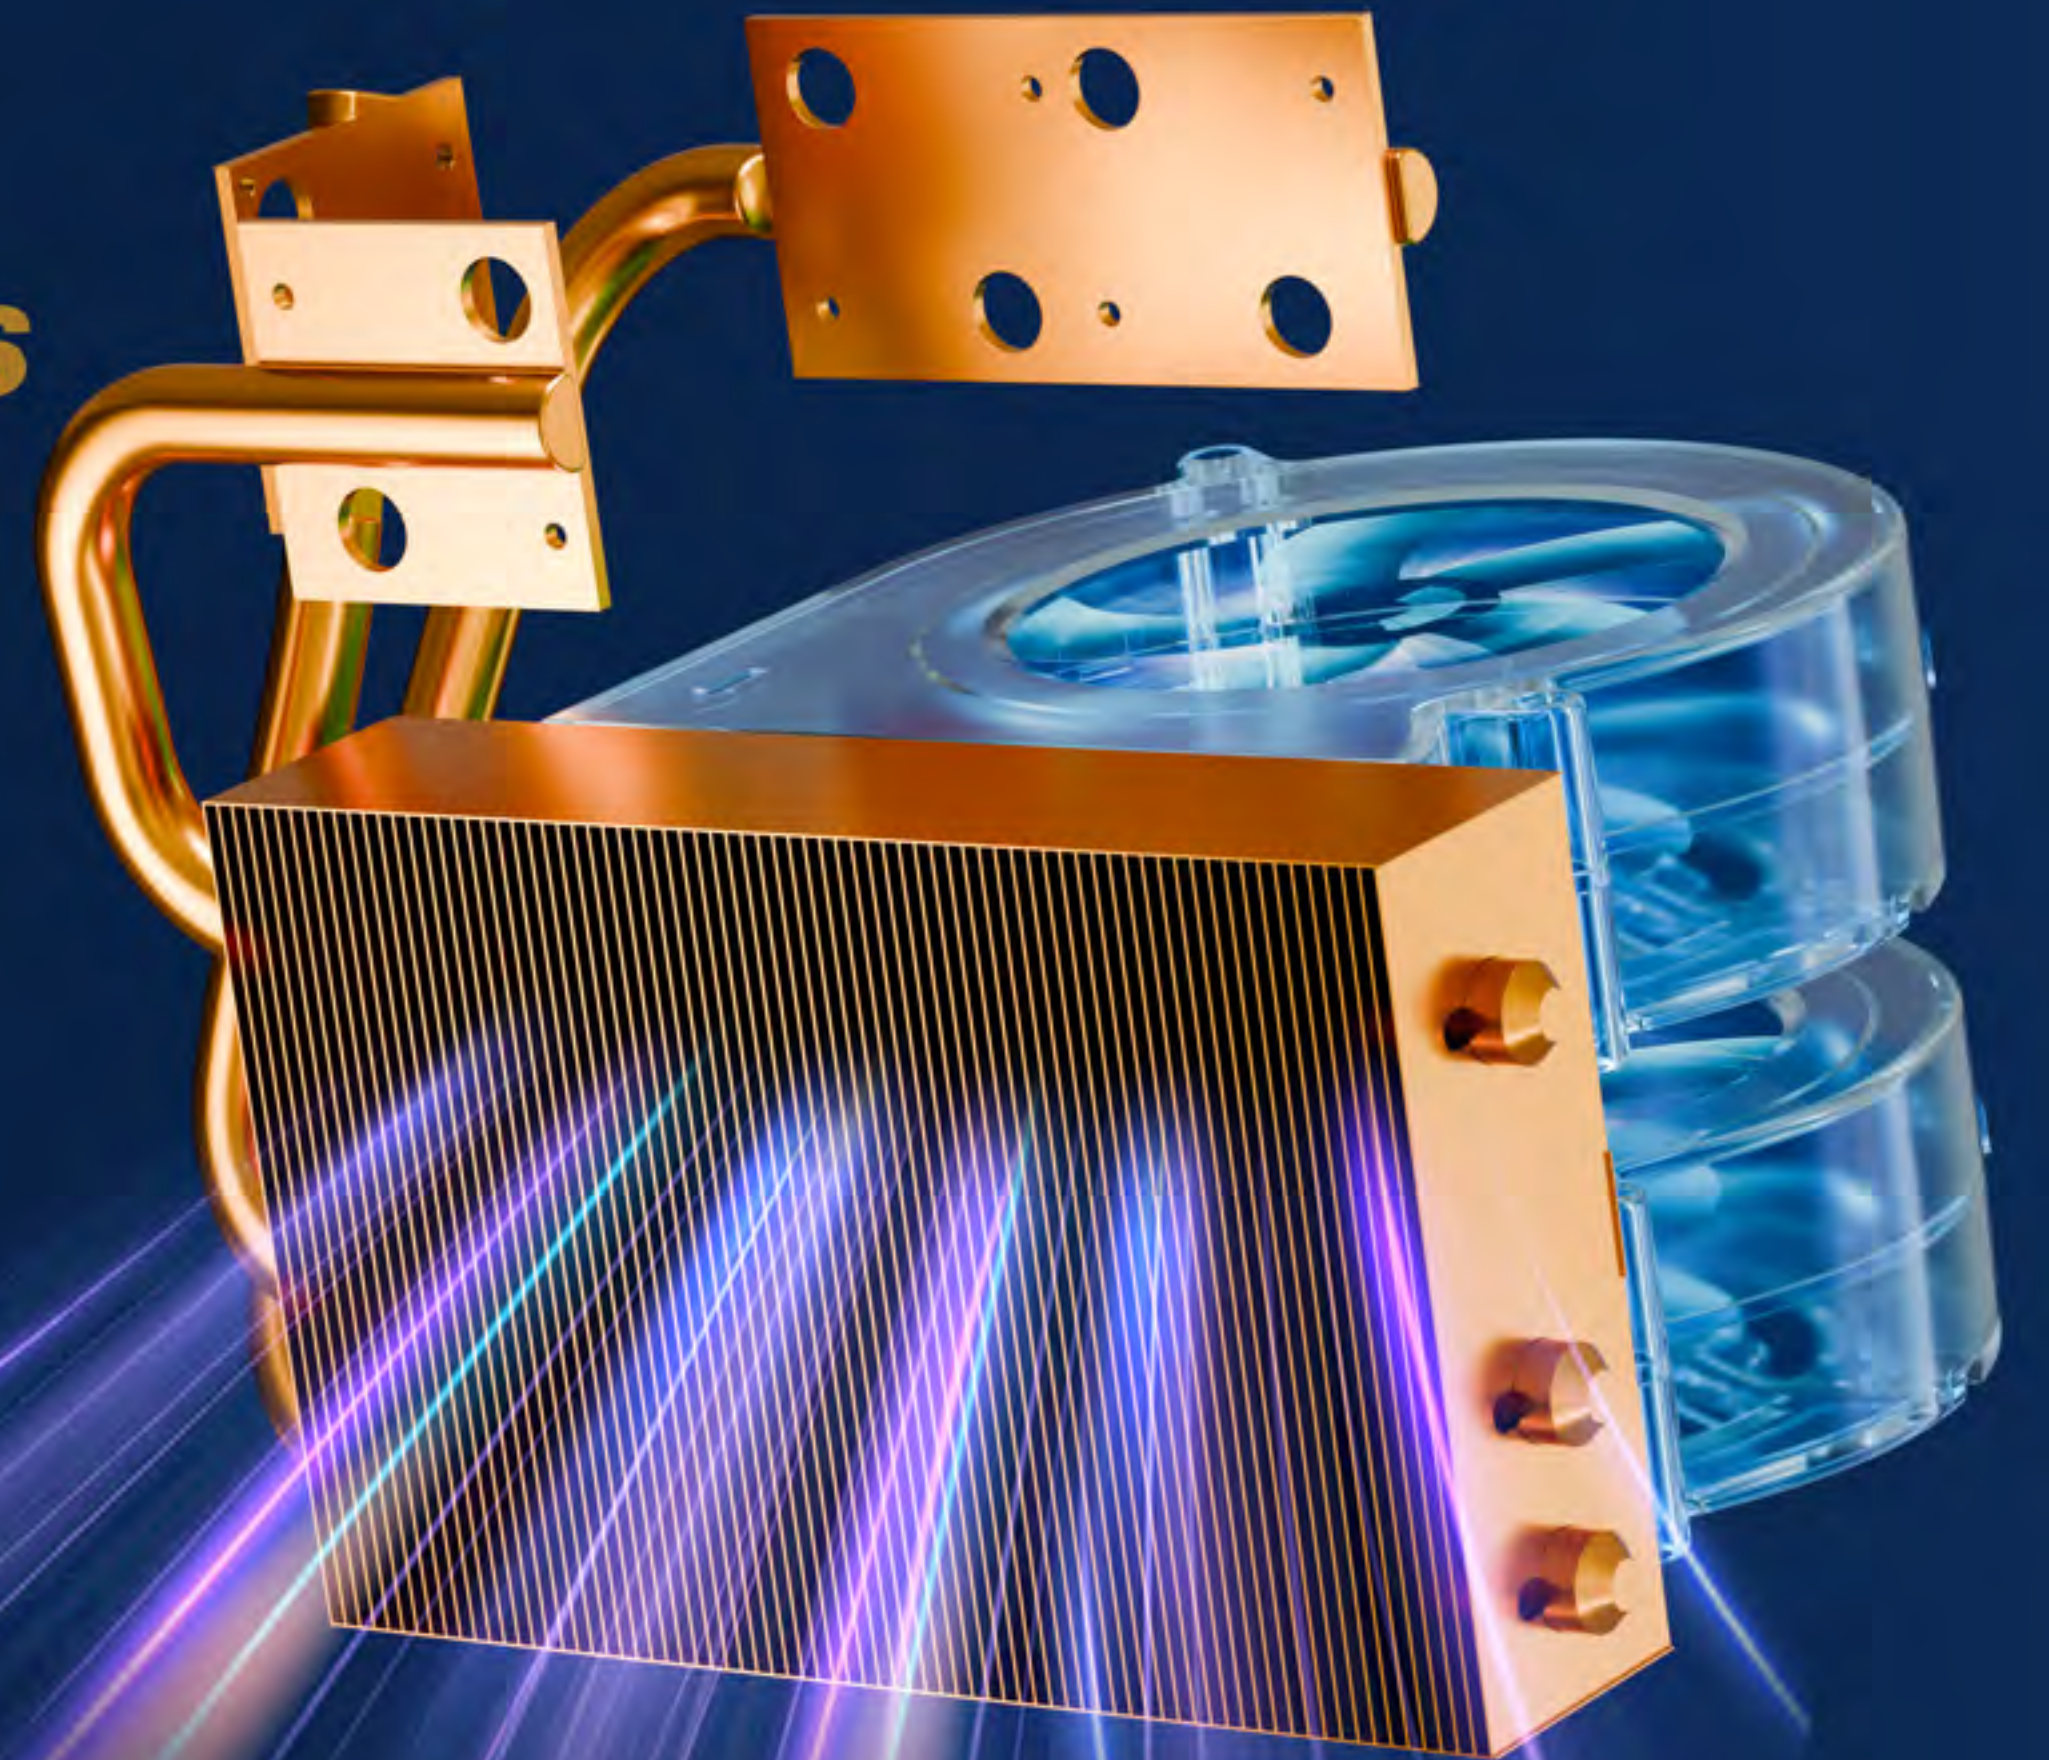

Silent fan

copper tube

Fin design

Outdoor Camping

Paired with a mobile power supply, it can also achieve large screen projection outdoors

*Cine*VERSUM

Home Cinema Par Excellence

360 ° free rotation

Equipped with a metal bracket, wear-resistant and scratch resistant, can rotate 360 ° , and can freely adjust the projection angle

360°

360°

Google TV

Google TV with massive film and television resources for viewing, creating a portable TV

Enjoy all your favorite applications on Google TV

With Netflix, Amazon Prime YouTube, and more, you can gather all your favorite content in one place

prime video

Spotify®

Disney+

YouTube

20W * 2 high-power speakers

Excellent sound quality, 3D surround sound

Surround sound

Dual speakers

High quality sound

Supports HDMI wired connection

Office meetings

Multiple HDMI and USB interfaces, supporting the connection of devices such as mice, computers, and USB drives

Fitness Exercise

Yoga, aerobic fitness, jogging and other occasions
