Immersive Visuals and Color Accuracy

Equipped with a high-quality 8K-optimized lens and wide color gamut support (DCI-P3 and BT.2020), it ensures vivid, accurate colors, ideal for home theaters or studios needing precise color grading.

Long-lasting BLUEScent Laser Diode

The projector's laser diode lasts up to 20,000 hours, providing consistent performance over years of use without sacrificing brightness or quality.

Enhanced HDR for Stunning Visuals

Both projector provide Frame Adapt HDR technology, which adjust brightness and contrast for optimal image quality. This results in vibrant colors, improved depth, and more accurate details, making them perfect for movies, gaming, and sports.

Customizable Lens for Precise Calibration

Both projector features a high-precision lens for easy focus, alignment, and lens shift adjustments, ensuring optimal image quality across different screen sizes and room setups, perfect for both home theater and professional environments.

Blackwing Elite +L

Model No: R9202403+

BLU-Escent Laser 3,300-lumen
150,000:1 Native Contrast

Blackwing 2+L

Model No: R9202402+

BLU-Escent Laser 2,700-lumen
100,000:1 Native Contrast

Compact, Stylish, and Low Maintenance

Known as one of the smallest native 4K projectors, it fits seamlessly into any home setup. Its BLU-Escent laser light source ensures up to 20,000 hours of operation, reducing maintenance needs and enhancing convenience

Optimized Airflow Design

The optimized cooling system ensures quieter operation, while the redesigned rear exhaust eliminates heat impact on the screen. This innovative layout enhances flexibility for projector placement, making it suitable for various installation setups

Deeper Blacks and Vivid Visuals

The Deep Black Tone Control in Frame Adapt HDR enhances gradation and darkness for more realistic contrast. Paired with vibrant gaming and animation modes, it delivers lifelike visuals, especially in dark scenes like nightscapes.

Conventional

New Deep Black Tone

Advanced Motion Handling for Smooth Playback

Featuring Clear Motion Drive and Motion Enhance technologies, this projector minimizes motion blur and enhances image stability. Whether it's fast-paced sports or action-packed movies, it ensures smooth, fluid visuals that keep every detail sharp and enjoyable for viewers.

Blackwing Light+

Model No: R9202401+

BLU-Escent Laser 2,300-lumen

80,000:1 Native Contrast

Blackwing Light

Model No: R9202400+

BLU-Escent Laser 2,000-lumen

40,000:1 Native Contrast
